What is I-Dagen?

I-dagen is the annual career fair connecting Industrial Engineering & Management students with the industries at Chalmers. Every year, hundreds of students get the opportunity to, during the day, connect with companies and attend interesting workshops and lectures.

The Division of Industrial Engineering & Management has since its beginning in 1983, hosted I-dagen annually.

Every fall, we invite 30-40 companies to meet our beloved students, to interact and socialize together. This is a very appreciated event that bridges the gap between the industries and students!

Make sure to make the most of the day and attend all lectures, contests and the banquet.

After all, it only occurs once a year!

A word from the Project Manager

Get Ready for I-Dagen on November 20th!

We're excited to welcome you to this year's Industrial Engineering and Management career fair at Chalmers! Nearly 40 companies will join us, providing the perfect opportunity to network, explore career options, and discover exciting new prospects.

The day will kick off with a breakfast seminar featuring Centigo, followed by a lunch lecture with renowned speaker David JP Phillips. To wrap up, we'll celebrate with a grand banquet at Gothia Towers.

So, dive into this year's catalog and prepare for an inspiring day filled with new connections, valuable insights, and fantastic opportunities. We can't wait to see you at I-Dagen 2024!

15.00

The Fair ends

18.30

Banquet at Gothia Towers

Lectures

09:00 Centigo

Centigo invites you to a Breakfast Lecture at Veras Grasmatta, from 9 a.m to 10 a.m. Together with delicious breakfast and coffee, Centigo is going to talk about discovering the Power of Authentic Networking and Sales!

Are you curious about sales but want to avoid coming off as too salesy? Do you feel that networking is important but it doesn't come naturally to you? In this lecture, Oscar will provide you with the keys to understanding what sales and networking are really about. Is it truly as difficult as many believe? Can we lower the threshold for starting to work with these skills today? With extremely practical and concrete advice, you will be able to start networking effectively just five minutes after the lecture ends, without it feeling burdensome or contrived. The speaker Oscar Kjellström is a management consultant and Head of Sales at Centigo in Gothenburg. Centigo, a Swedish management consulting firm founded in 2002, is a network organization without managers. Networking is a part of our culture and everyday life. Let me tell you how we do it!

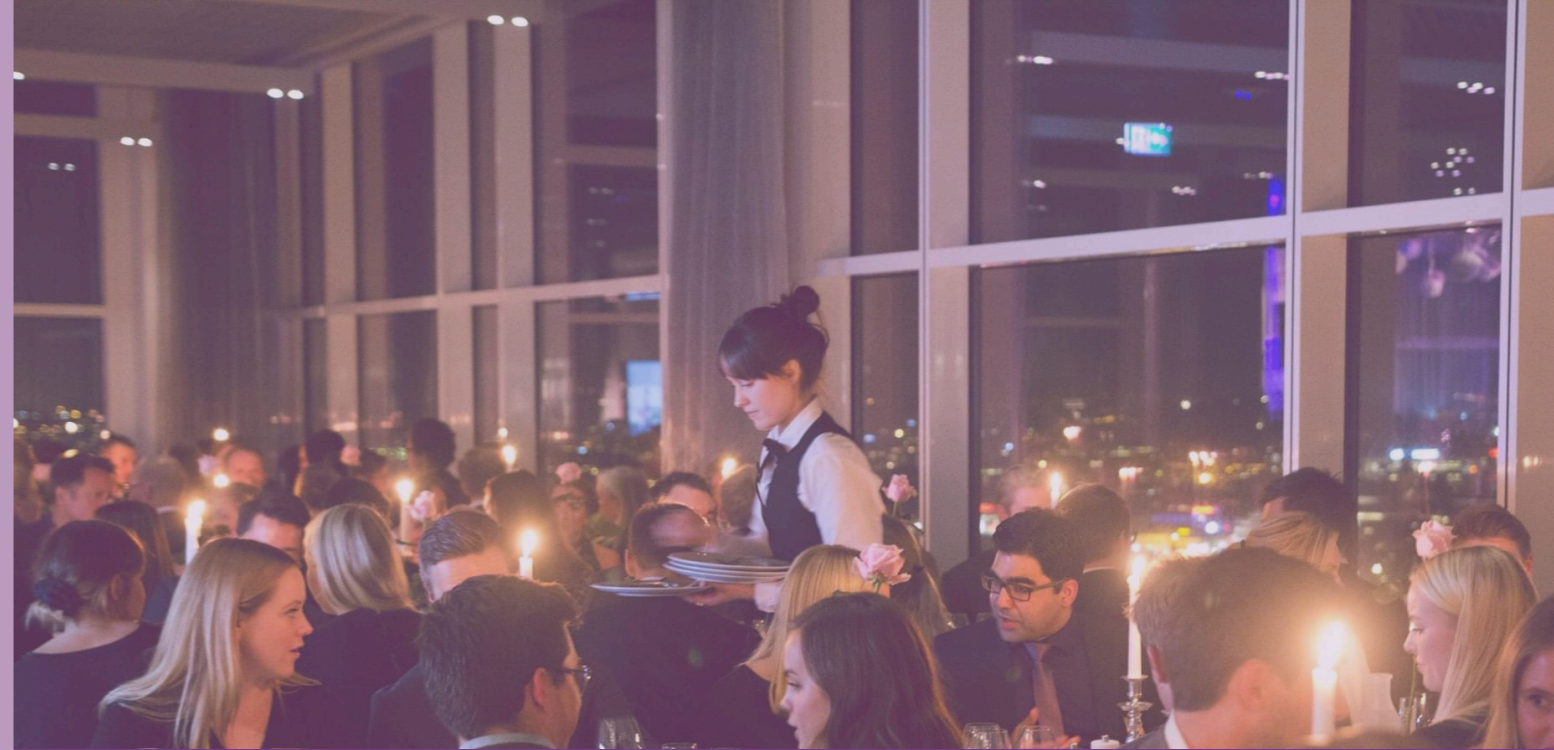

centigo
BUSINESS WELLNESS. OUR MISSION

12:00 David JP Phillips

Vill du bli bättre på ledarskap och personlig utveckling? Vill du bli en bättre talare? Eller kanske båda samtidigt? Då får du inte missa årets lunchföreläsning som hålls av ingen mindre än David JP Phillips! Han är en av Sveriges mest framgångsrika internationella talare, författare, coach och global auktoritet inom kommunikation, public speaking och personlig utveckling. David har under de senaste 2 åren samlat på sig över 180 miljoner visningar, bland annat via sina TED Talks.

Föreläsningen äger rum i Vasa A kl. 12:00-13:00 men lunchen kommer delas ut i tid innan så att ni hinner äta klart innan det börjar då föreläsningen kommer ha interaktiva inslag.

Hoppas vi ses där!

I-DAGEN BANKETTEN GOTHIA TOWERS

A evening with amazing food, entertainment and great people!

Welcome to Gothia 18:30

Interview Sessions

Do you want to network with exciting companies and get an inside look at their operations? Then a contact meeting is perfect for you! These are personal meetings that you can book with companies participating in the fair, either digitally or in person. You'll have the chance to get to know the company better, ask questions, and show your interest. A contact meeting lasts for 25 minutes and could be the first step towards your future career. Some contact meetings may even lead to an official interview.

Why apply for a contact meeting?

Develop essential communication skills and practice your interview technique, making you better prepared for future career steps.

Build valuable relationships that can open doors to job offers, internships, and networking opportunities.

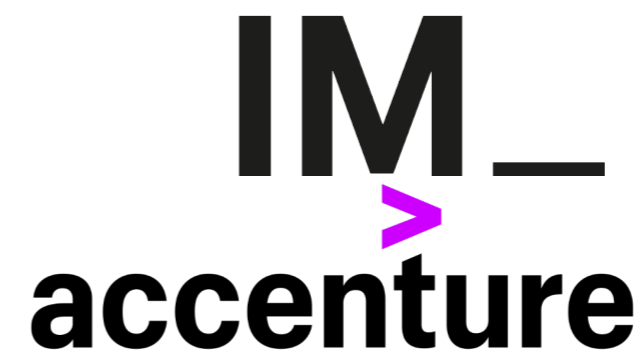

Gain exclusive insights into industry trends and challenges directly from company representatives, helping you understand future demands and opportunities in the job market.

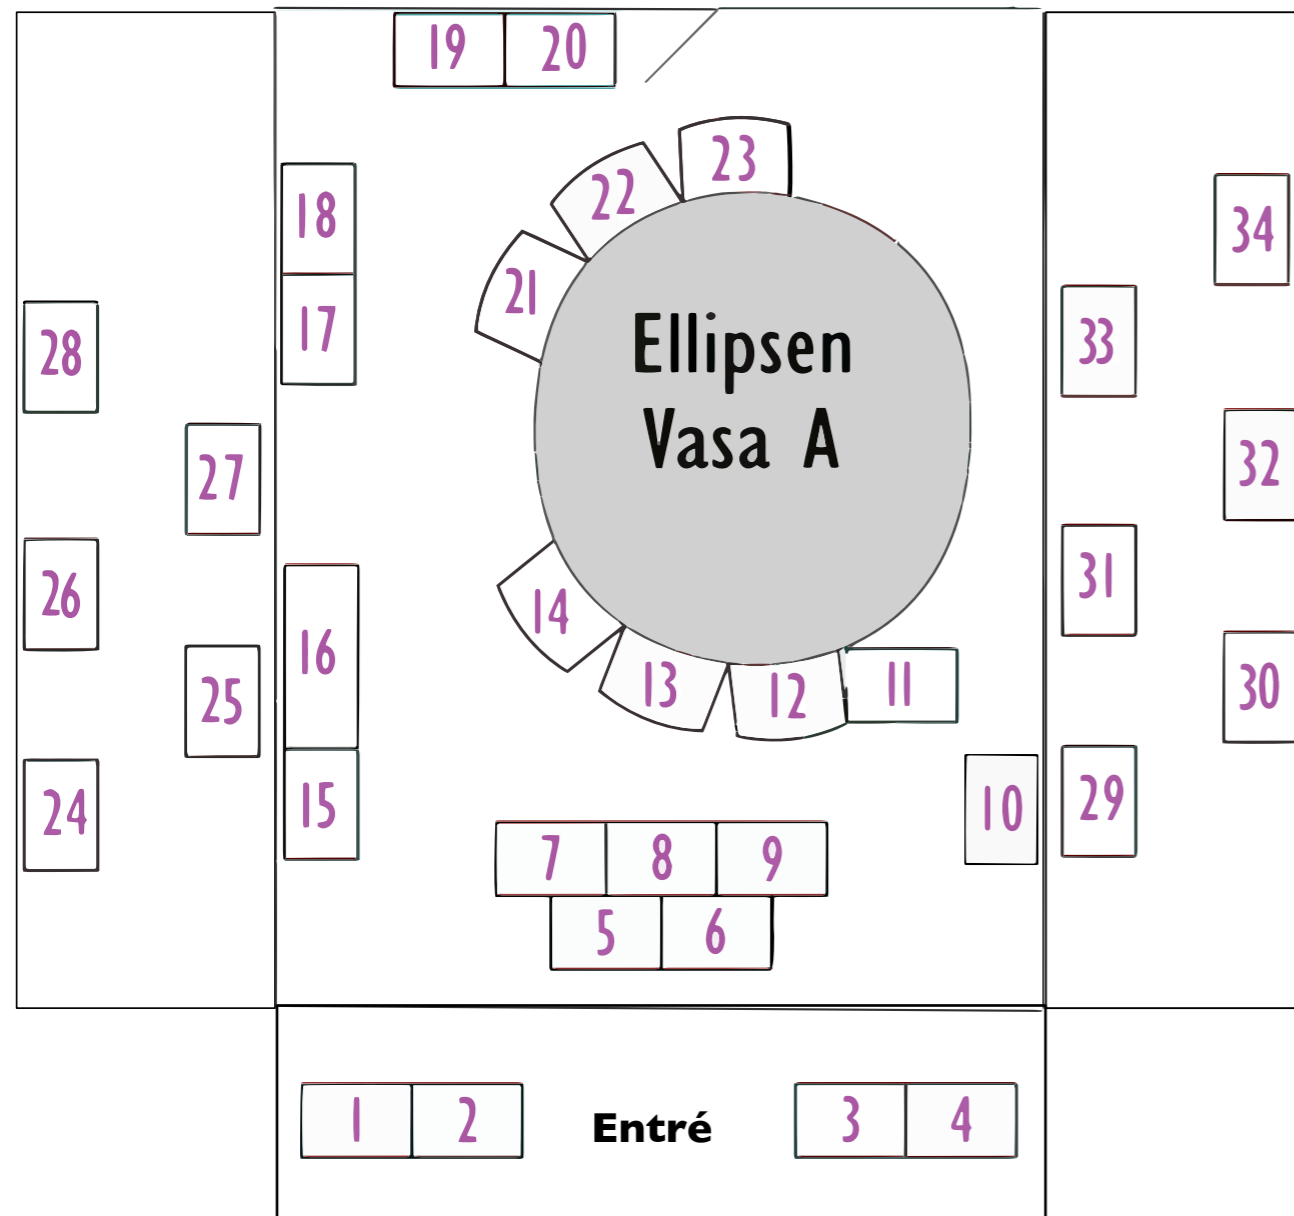

How to apply

1. Go to <https://idagen.kontaktsamtal.se/> or scan QR-kod.
2. Register for an account and upload necessary information.
3. Read carefully, make sure you have all documents requested.
4. Click on apply and fill out the form!
5. Application done!

34. Doktorandrådet & E-skolan

Claesson & Partners grundades för över 50 år sedan av Ingemar Claesson och har sedan dess etablerat sig som ett ledande konsultföretag inom ekonomistyrning. Vi har expertis inom områden som organisationsutveckling, styrning, strategi, lönsamhetsutveckling och business analytics. Vi samarbetar med svenska organisationer globalt, där våra kunder främst är medelstora och stora företag inom både offentlig och privat sektor. Genom att ständigt hålla oss uppdaterade med den senaste forskningen är våra medarbetare ofta efterfrågade som föreläsare vid institutioner som Handelshögskolan, KTH och FAR Akademi.

Drake Analytics är ett oberoende konsultbolag och helhetsleverantör av Data Analytics & Data Management. Vi växer fort och är i dagsläget ca 40 konsulter med kontor i Linköping, Jönköping, Stockholm och Göteborg. Drake hjälper organisationer och företag att lösa komplexa affärsproblem med strategisk användning av data. Vi extraherar och transformerar data för att skapa end-to-end data pipelines. Vi orkestrerar hela kedjan från ingestion-mekanismer till dataarkitektur i dataplattformar fram till visualisering i Business Intelligence-plattformar. En stor del av vår verksamhet kretsar även kring att skapa AI- och maskininlärningsmodeller för att predicera framtiden baserat på historiska data. Din karriär- och kunskapsutveckling i första rummet. På Drake vill vi ge alla medarbetare möjlighet att växa. Vi hjälper varje individ med en individuell kunskapsutvecklingsplan och erbjuder alla medarbetare att avsätta tid för utbildning.

Opticos is an independent management consulting firm with a strong background in IT management practice. We primarily focus on four business verticals: Strategy & Business Development, Digital Business Transformation, Sourcing & Procurement, and Strategic IT. Through our many years of experience combined with our hands-on, yet forward-thinking approach, we help businesses find new opportunities and lasting value. Opticos empowers you to develop your career in the direction of your interests and passion.

Curamando is a digital growth consultancy firm that aims to propel every client's business by creating a digital advantage by combining management consultants with digital experts. Our consulting approach is holistic, helping B2B and B2C businesses drive growth, improve operational efficiency and build sustainability. Our starting point is our client's strategic agenda, our goal is to set their business in motion. Students who join Curamando after graduation enroll in our Analyst Program, which serves as a great kick-start to your consulting career.

INFLUENCE

valcon

Influence är ett managementkonsultbolag där vi tillsammans arbetar för att skapa en bättre morgondag. Genom att förena kreativitet med strategiskt tänkande och utmanande frågeställningar, hjälper vi företag och deras idéer att växa på ett hållbart och långsiktigt sätt. Vi bryr oss om de människor vi samarbetar med, och vi delar generöst med oss av våra bästa insikter och metoder – både inom företaget och med våra kunder. För oss handlar framgång inte bara om vilka resultat vi når, utan även om hur vi når dem.

Valcon är ett nordeuropeiskt managementkonsultföretag med skandinaviska rötter baserat i Nederländerna, Danmark, Storbritannien, Sverige, Tyskland och Kroatien. Vi är +1700 konsulter som gör strategiarbete end-to-end genom att koppla samman de kritiska länkarna mellan strategi och verksamhet med innovativ teknologi och data.

Ekan Management är ett managementkonsultbolag med 40 års erfarenhet av att hjälpa företag och organisationer att skapa morgondagens verklighet. Vi hjälper företag och organisationer att utvecklas i linje med sina unika förutsättningar, oavsett om de är globala koncerner, lokala aktörer eller verksamheter inom offentlig sektor. Som specialister på ledning, styrning och verksamhetsutveckling fokuserar vi på att skapa kraftfulla, hållbara organisationer som bidrar till omvärlden. Ekan Management är ledande inom Beyond Budgeting och erbjuder rådgivning till företag över hela världen. Vi ser digitalisering som en integrerad del av verksamheten och anpassar våra lösningar efter kundens specifika IT-mognad för att optimera både mänskliga och digitala förmågor.

EFFSO är, enkelt uttryckt, vassa på både inköp och organisationsutveckling. Med ledande inköpskompetens hjälper vi inköpsfunktioner och individerna i dem att utvecklas. Våra anställda erbjuds stora utvecklingsmöjligheter och välkomnas till en vänlig arbetsplats. Tillsammans frigör vi potentialen inom inköp och skapar bestående värde för samhället!

V O L V O

With their brands, innovations and technologies, Henkel holds leading market positions worldwide in the industrial and consumer businesses. Henkel has two business units which are united by the pioneering spirit to reimagine and improve life every day – today and for generations to come. Building on a strong legacy of more than 145 years, Henkel’s products play an important role in the everyday lives of millions of people and help to transform entire industries. Henkel Adhesive Technologies is the global leader in the market of adhesives, sealants and functional coatings. Henkel Consumer Brands holds leading positions in the hair category and laundry & home care in many markets around the world.

Since 1927, Volvo Group has been committed to driving prosperity through transport and infrastructure solutions that help meet the growing demands of our world. Our products and services are used every day by customers around the world to transport goods, build roads, and keep our cities clean.

At the Volvo Group, we offer a wide range of exciting career opportunities, from engineering and design to sales and marketing, finance, and more. We're constantly innovating and pushing the boundaries of what's possible, and we're looking for talented individuals who share our passion for creating a better future for all.

At I-dagen you will meet a team from Volvo Group Purchasing.

KONSERT

STRATEGY & IP

Konsert Strategy & IP is a niche management consulting firm operating at the intersection of business, technology, and intellectual property. By blending Strategy and IP, we help clients answer two critical questions: “Where to play and how to win through technology?” and “How to capture value and build advantage with intellectual property?”. We provide strategic advice and insights, support execution, design organizations and operating models, drive transformation and change, and provide turnkey Strategy & IP solutions.

Company information

Fun fact:

Konsert Strategy & IP has been acquired by Rouse! We are combining Konsert's technology-based competitiveness and management consulting capabilities with Rouse's global integrated IP services to create a unique, end-to-end value proposition. The acquisition bridges a crucial market gap by offering C-suite, Board and IP stakeholders a single source for both strategic IP consultancy and IP services execution. Konsert will remain an independent brand within the Rouse group, preserving its unbiased, high-trust advisory model.

Capgemini Invent is Capgemini Group’s powerhouse in consulting, innovation, design, and transformation. Located in over 30 studios and more than 60 offices around the world, it comprises a 12,500+ strong team of strategists, data scientists, product and experience designers, brand experts and technologists who develop new digital services, products, experiences and business models for sustainable growth.

By combining expertise with an inventive mindset, we partner with our clients to innovate and transform their business, helping them navigate today, while plotting a course for the future.

If you are looking to start your career in an environment that offers personal and professional growth - BearingPoint is the place for you. At BearingPoint, you will have access to meaningful mentorship and growth opportunities, and develop your problem-solving abilities, project management skills and become an effective communicator. Our three competency teams all work on strategy, project management and implementation of new technologies, but offer different expertise on sectors and departments at our clients. Our Strategy & Operations team are experts on operational excellence and supply chain management, as well as Growth and People strategies. Our Technology team offers advisory services on IT solutions and manages client-side tech transformations, especially within the healthcare and retail sector, and at global Finance departments. Our third competency team, Data & Analytics, is focused on helping companies become more data-driven through Strategic D&A Advisory, Data Science, and implementation of Business Intelligence solutions and AI.

DB Schenker Consulting AB är ett konsultbolag som erbjuder managementkonsulttjänster inom Supply Chain Design, Lagerdesign och transportoptimering. Vi fungerar som ett kompetenscentrum för logistik och Supply Chain. Våra uppdrag utförs både för DB Schenker och externa kunder inom både offentlig och privat sektor. Vi har starkt fokus på både innovation och hållbarhet, och arbetar både med nya tekniska lösningar samt hållbara omställningar av logistikkedjor.

Exsitec är specialister på verksamhetssystem och digitalisering, med syftet att hjälpa företag optimera sina affärsprocesser och uppnå en effektivare arbetsvardag. Med drygt 600 medarbetare i Sverige, Norge och Danmark kombinerar vi expertis inom IT, verksamhetsstyrning och affärsutveckling för att skapa överlägsna kundupplevelser och smarta dataanalyser.

The department of Technology Management and Economics conducts research within three areas: Innovation & entrepreneurship, Supply chain & operations management, and Sustainability & society studies. We offer

PhD projects that are of relevance for and in close collaboration with, both academia and the industry. As a PhD student, you conduct research, take courses that help you develop as a researcher and in your field, and teach students in courses on bachelor and/or master level.

CTK är en del av Chalmers Studentkärs Teknologbolag där handplockade studenter jobbar med konsultuppdrag vid sidan av heltidsstudier.

Genom projektbaserade uppdrag hos stora som små kunder bidrar vi med nya idéer, tankesätt och kreativa infall. Målet är att ge studenter värdefull erfarenhet som ökar möjligheterna till en fortsatt framgångsrik karriär i arbetslivet.

Valys provides a cutting-edge optical sensor that offers real-time monitoring of dissolved organic carbon (DOC) and other key water quality parameters, stemming from research at Chalmers University of Technology. Our patented solution helps water treatment plants optimize processes, reduce chemical use, and extend filter lifespan. With Valys, operators can improve efficiency, lower costs, and minimize negative environmental impact.

Korall Carbon Capture is a pioneering company in Sweden specializing in Direct Air Capture (DAC) technology. Our technology captures carbon dioxide directly from the air, a breakthrough achieved by our research team at Chalmers University of Technology. Koralls method opens up major possibilities to facilitate efforts toward a greener future and creates realistic opportunities to reach negative-emission goals.

Thanks...

... to all of I-dagen 2024's exhibitors! Thank you for making this meeting point available to all students of Industrial Engineering and Management! Also a big thanks to all our Sponsors and I-Armar for supporting I-dagsgruppen with everything we could've imagined.

Our amazing lectures during the day wouldn't be possible without David JP Phillips and Centigo. Thank you for educating our students during your sessions! And last but not least, thanks to all of our Company Hosts! We in I-dagsgruppen have had a great time arranging the fair and we hope you will enjoy it!
